Nozzle  
Combustion chamber  
Electric oil valves  
Wiring harness  
Fire switch  
Oil burner switches  
Oil safety valves  
Flue pipe  
Exposed fuel line and fittings  
Thermostat (non-programmable)

**Hot Water and Steam**

Pressuretrol  
Low water cut-off (electronic only)  
Water feeder  
Backflow preventer  
Relief Valve  
Air vents (not steam)  
Boiler gauge  
Zone valve-**complete**  
(Taco or Honeywell *only*)  
Zone valve power supply  
Boiler drain  
Hi-vents  
Flow checks  
Purge valves  
Circulator and Relay-**complete**  
Aquastat  
Expansion Tank

**Warm Air**

Blower motor-**complete** (up to 1/2 H.P.)  
Air filters- **standard only**  
Zone damper motors  
Zone dampers  
Humidifier pad  
Humidifier motor  
Humidifier float valve  
Humidistat  
Fan limit control (non electronic)  
Blower pulley  
Blower belts  
Blower bearings  
Blower shaft  
Blower wheel  
Blower housing

**Optional Coverage**

**Oil Fired Water Heater**

**Annual Service**

Consists of: Annual service and maintenance of the oil burner, brush and vacuum the heat exchanger, clean and inspect flue pipe,

**Price \$114.65**

**Air Handlers**

Consists of: repair or replacement of the following:  
blower-**complete** (up to 1/2 H.P.)  
air filters-**standard**  
blower relay, hi-vents, aquastat switches.

**Price: \$104.22** (per unit, tax included)

**Indirect Water Heaters and Storage Tanks**

Consists of: Repair or replacement of the following: circulator, T&P valve, aquastat, relay, check valves.

**Price: \$104.22** tax included

**Oil Fired Water Heater Service Contract**

Annual service plus coverage on the following parts:(including labor)  
Oil burner-**complete**, primary control, cad cell-**complete**, aquastat, T&P valve, flue pipe, draft regulator.

**Price: \$175.48** tax included

**Terms and conditions**

1. Accurate Oil Burner Service LLC. shall not be held responsible for delays in service due to conditions beyond our control, such as fire, floods, severe weather, road closures, customer negligence, unsafe or unsanitary conditions, acts of nature, vehicular accident, employee illness, injury or death, power failure, or any other causes beyond our control.
2. All heating equipment is subject to inspection prior to approval for this contract. Any repairs necessary to put equipment into acceptable condition will be charged at prevailing rates. No coverage will be extended to parts that are obsolete or unavailable through regular sources of supply.
3. Equipment or property damaged due to tampering by persons other than employees of Accurate Oil Burner Service LLC., or acts of nature, fire, flood, lightning strike, power surge, unattended dwellings, or the use of biofuel will *not be covered* by this contract.
4. This contract will be renewed annually by billing 30 days prior to the anniversary date. Failure to remit payment within 10 days past the anniversary date will result in cancellation without notice.
5. Repairs to power venters, direct vent equipment, variable speed blowers, proprietary controls and burner parts will be billed at prevailing rates.
6. Any service problems created by fuel tanks including but not limited to, Gelled fuel, water, algae or bacteria, excessive sludge or tank failure will not be covered under this contract.
7. Damage due to unmaintained anti-freeze in hydronic systems will not be covered by this contract.
8. Failure to pay outstanding invoices within 30 days of billing will result in the voiding of this agreement.
9. The customer will be responsible for all reasonable legal fees and collection costs in the event of non-payment.
10. It will be the customer's responsibility to schedule the annual service. We recommend this be done between March and September to facilitate scheduling.
11. Standard labor rate is \$137.50 per hour.
